Sponsoringupdate

With VDL we could win our first main sponsor. VDL is a licensed producer of Duflex-plates needed for the build of the Schionning catamaran. Inspired by our project, they assured us their full support and a remarkable discount for their products! As a further sponsors we are happy to announce a collaboration with Pernet Ofenbau (oven company) and the Bote vom Untersee und Rhein (newspaper)! Patrons, 1000-club members and sponsors have ensured us 44'000 CHF for our project. According to the budget we only need another 78'000 CHF bevor we can start building.

Benötigt: 1, Stückpreis: CHF 200.00	Anzahl Platten
Benötigt: 1, Stückpreis: CHF 10.00	Anzahl Platten

Complete bill of materials

On our webpage, www.oceanyouthsailing.com, we have uploaded a new form, listing all specific building materials, which still need a sponsor for financing. The possibility range from a single screw to epoxy or even whole Duflex plates. As soon as the list is complete, we can start the building process.

Construction Site

We are putting a lot of effort into finding an adequate construction site in the region of Thurgau/ Schaffhausen/ Zürcher Unterland. As of today we do not have a binding agreement. In case someone wants to support us in our quest, the site has the following requirements:

- Availability: 2 years from 2016-2017
- Preferably: hangar for construction of the catamaran (width of entrance at least 7.6 meters)
- Alternatively: space for a large tent
- Area: construction: 12x15 meters + space for a container
- Surface: flat, preferably concrete, alternatively gravel
- Electricity access compulsory
- Water access desirable

GAST Steckborn

Together with the Youth Sailing Steckborn, Ocean Youth sailing was present at the trade exhibition in Steckborn to present the various project and activities to a wide audience. Despite bad weather we could attract a large interest in the construction of our catamaran! For the Youth Sailing Steckborn the exhibition resulted in new year-round course participants. The exhibition was a great success!

News Article

Not only is the local newspaper „Bote vom Untersee“ supporting us financially, but is now also covering our journey in their paper. One can be looking forward to many great news articles about the Ocean Youth Sailing in the future!
